

# IBEX PASS

This map shows the Saddle Peak Hills Wilderness Area. This area is as OFF LIMITS to all personnel and communications support for teams affiliated with the 2007 Baker to Vegas Challenge Cup Relay Race.

The ONLY accessible area on the West side of Ibox Pass will be the lower turnout on the West side of Hwy 127 just north of the County Line marker.

This will limit the number of teams setting up portable communications along the west side of the highway.

For those teams wishing to set up on the East side of Ibox Pass. The entry and egress point for access is to be just South of the speed limit sign about 1 mile North of the summit. The area around the summit can be reached via the old road (not shown in photo) and parking along the side of this road is permissible.
